

A note to our valued patients about the coronavirus

As the situation around the novel coronavirus (COVID-19) continues to evolve, we wanted to reach out to you personally about what we are doing at Corrective Care Chiropractic to ensure the well-being of our staff and patients. We know this is an unsettling time for many and our hearts go out to anyone who may be affected by the coronavirus. As always, the health and well-being of our patients and staff is our highest priority.

At CCC, our values and purpose revolve around care. Here are some of the actions we are taking in alignment with recommendations from public health authorities (including the World Health Organization and Center for Disease Control):

- We have always prided ourselves in the cleanliness of our clinic and recognize that this is more important now than ever. Hygiene standards for our staff, clinic environment and merchandise are and always will be a top priority.
- We are continuing to require hand-washing protocol for our team and increasing the frequency of our cleaning and sanitizing.
- We are committed to taking care of our team and will continue to provide them with guidance and information so they can keep themselves, their family and you safe.

We are currently open normal business hours and look forward to continuing to provide you the best wellness experience. Be well and thank you for your loyalty.

Sincerely,

Dr. Kuehl and staff
